## **CATEGORICAL EXCLUSION DOCUMENTATION FORMAT WHEN USING CATEGORICAL EXCLUSIONS NOT ESTABLISHED BY STATUTE**

### **A. Background**

BLM Office: Moab Field Office

Lease/Serial/Case File No: MFO-Y010-16-006R

Proposed Action Title/Type: Special Recreation Permit for AKtiva, LLC

Location of Proposed Action: Along Moab Trail Marathon race course and at finish line.

Description of Proposed Action: Michelle Liegert, on behalf of AKtiva, LLC, proposes to conduct commercial photography services in conjunction with the Moab Trail Marathon. This running race is held in the Kane Creek road area. AKtiva LLC has not previously held an SRP with the Moab BLM. Standard Utah statewide BLM stipulations would be applied to the SRP for AKtiva, LLC.

### **B. Land Use Plan Conformance**

Land Use Plan Name: Moab Field Office RMP

Date Approved: October 31, 2008

**The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s):**

Decisions REC-46 through REC-50 authorize the issuance of Special Recreation Permits. Specifically, page 97 of the Moab RMP reads as follows: "Special Recreation Permits are issued as a discretionary action as a means to: help meet management objectives, provide opportunities for economic activity, facilitate recreational use of public lands, control visitor use, protect recreational and natural resources, and provide for the health and safety of visitors." In addition, on page 98 of the Moab RMP, it states, "All SRPs will contain standard stipulations appropriate for the type of activity and may include stipulations necessary to protect lands or resources, reduce user conflicts, or minimize health and safety concerns....Issue and manage recreation permits for a wide variety of uses to enhance outdoor recreational opportunities, provide opportunities for private enterprise, manage user-group interaction, and limit the impacts to such uses upon natural and cultural resources."

### **C. Compliance with NEPA**

The action described above generally does not require the preparation of an environmental assessment (EA) or environmental impact statement (EIS), as it has been found to not individually or cumulatively have a significant effect on the human environment. The applicable Categorical Exclusion reference in 516 DM 11.9 H(1). This reference states, "Issuance of Special Recreation Permits for day use or overnight use up to 14 consecutive nights; that impacts no more than 3 staging area acres; and/or for recreational travel along roads, trails, or in areas authorized in a land use plan. This CX cannot be used for commercial boating permits along Wild and Scenic Rivers. This CX cannot be used for the establishment or issuance of Special Recreation Permits for "Special Area" management (43 CFR 2932.5)."

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 43 CFR Part 46.215 apply.

The applicant has asked for permission to photograph recreationists in outdoor settings.
